Budget

This year, our working Budget is \$92,000, which is \$18,000 more than last year. Our budget increased to cover expenses such as travel to competition, and to cover registration costs so that students aren’t required to pay so much.

We would greatly appreciate any support that your business could provide us. We are looking for supply or monetary donations. As thanks, all donors will get invitations to our Kickoff Weekend (Jan 4th), VIP seats at our Glacier Peak Robotics event, and a VIP table at our end-of-year banquet as well as the following recognition levels in return for your generosity :
